

The Class of 2009

It is with great delight we introduce to you the Class of 2009. These moms have persevered through four years of challenges, long-hours, struggles, and set-backs. They have obtained a college degree at incredible personal cost. Yet, they often say that they couldn't have done it without Helping Hands. ***This means that they couldn't have done it without you!***

We greatly appreciate the hours our volunteers put in and the generous gifts from donors.

Dawn graduated with a Master's degree from NAU with a M.Ed. Early Childhood Education, Educational Leadership. As a result of her degree, her salary has increased to \$42,000 annually

Kelly received her degree in Education from ASU West. Kelly recently took a position teaching math in the public school system

(continued)

Shawna graduated from the Nursing school at Mesa Community College. She will earn \$35 per hour as she works part-time and pursues her BSN degree

Kim graduated from the Nursing school at Glendale Community College. She recently passed her state boards and is working full time as a nurse earning \$44,000 annually

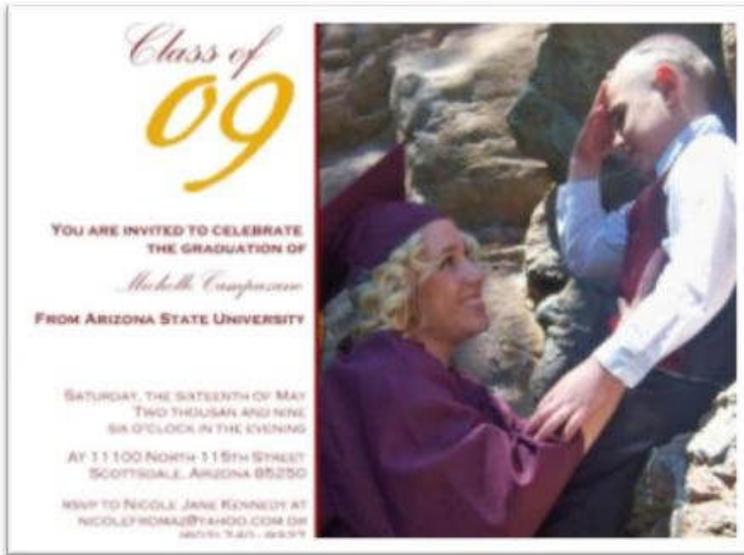

(continued)

Sarina graduated from Glendale Community College in 2008 and recently completed a one year paramedic's certificate. She will earn \$45,000 annually as a paramedic

Elizabeth received a B.A. degree in Marketing from ASU West on May 14th. The company that she served her internship with is looking for a position for Elizabeth

(continued)

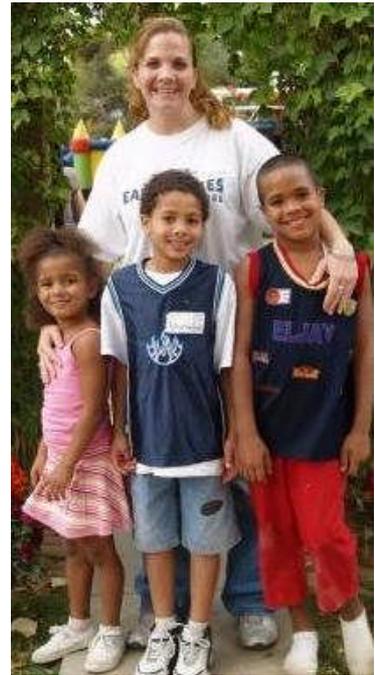

Michelle received her Bachelor's degree in non-profit administration. She is continuing on at ASU for a Master's. Michelle has a handicapped child and hopes to start her own non-profit to serve special needs children

Kristy recently successfully passed the test for her LPN license. She is earning \$23.00 per hour in home health care

(continued)

Marlay graduated from ASU with a B.A. in social work. She is continuing on for a Master's degree

Toyyia graduated summa cum laude from ASU. She obtained a Bachelors' degree in interdisciplinary studies and is continuing on for her Master's degree

Angelique graduated with honors (Phi Beta Kappa) and two degrees from Scottsdale Community College. She is enrolled at ASU in the fall and will pursue a four year degree
